# BELLIGERENT BUSH BEAR & BEER

**A belligerent bear comes out of the bush at Belgrave Vic. And walks into a pub, bangs the bar demanding a beer. The bartender approaches and says, "We don't serve beer to bears in Belgrave". The bear, becoming angry, demands again that he be served a beer. The bartender tells him again, more forcefully, "We don't serve beer to belligerent, bully bears at bars in Belgrave.. The bear, now VERY angry says, "If you don't serve me a beer, I'm going to attack & eat that woman sitting at the end of the bar".**

**The barman, entering into the spirit of the argument, says. "We don't serve beer to Big Black belligerent, bully bears from the bush at bars in Belgrave.**

**The bear ,very angry, goes to the end of the bar & as promised attacks & eats the woman. He then comes back to the bartender & demands, "Now will you serve me a beer, or do I have to get REALLY nasty?"**

**The Barman replys, "Sorry, we don't serve beer to Big Black belligerent bully bears from the bush in Belgrave THAT ARE ON DRUGS.....**

**The bear says, "I am not on drugs".**

**The bartender replys, "you are now. THAT WAS A BARBITCHYOUATE."**

If these bubble cars get much smaller you will be able to drive them in Safeways to collect groceries

## Wisdom V Logic

**Sherlock Holmes & Dr Watson went on a camping trip in their classic Bentley. After selecting and preparing a camp site & consuming a good bottle of wine, they lay down for the night & went to sleep. Some hours later Holmes wakes & nudges his faithful friend.**

**“Watson, look up at the sky & tell me what you see?”**

**Watson replies. “I see millions & millions of stars”.**

**“What does that tell you.”**

**Watson ponders for a minute or two.**

**“Astronomically, it tells me that there are millions of Galaxies and potentially billions of Planets.**

**Astrologically, I observe that Saturn is in Leo.**

**Horologically, I deduce that the time is approx. 3.12 am.**

**Theologically, I can see that God is all powerful and that we are small and insignificant.**

**Meteorologically, I for see a beautiful day tomorrow but there is the prospect of an early frost, Holmes, what does it tell you?**

**Holmes was silent for a minute, then spoke.**

**“ Watson, some bastard has stolen our tent.”**

**New members, Susie & Tim Maslin with their nice Jaguar join us on our “ Economy Run ” Took a prize too. Welcome..**

# The Majestic Major, Daimler Story

**This 1965 DQ450 Daimler was delivered new in UK as the buyer was visiting & wanted to use the car for touring. The car was then shipped to Australia and some 53,000 mls later its owner went into a retirement home. The car was garaged & used only once a year for ten years to take its owner for a drive. Then purchased by a collector the vehicle remained in storage until recent purchase by motoring writer Robt Penn Bradly for use as a collectors car. A decision to sell his home has seen the car sold & it will shortly be seen at A.B.C. Club events. The vehicle is in mint condition & recent renewal of welsh plugs, seals & modification for unleaded petrol have been completed.**

**What a Majestic way to travel.....**

# Major Sex Scandal

## EXCLUSIVE – SEX SCANDAL ROCKS STAID MOTORING CLUB

Now that we have your undivided attention – here is an important matter for all clubs to consider. It is the Annual General Meeting of The Association of Motoring Clubs on November 27<sup>th</sup>, 2000. This is the time when a new Committee is elected. Therefore, due to there being only two issues of the Newsletter before the Annual General Meeting (that give sufficient time for clubs to give their thorough consideration), it is time to give some thought to filling those Committee positions that become vacant. Currently the following positions will be vacated:

**President** – Shane Goodall (*Ford Customline Club*) has decided that, after two years in this position, it is time to step aside. The reason for Shane's decision is that new ideas and methods are a desirable function of any committee. Shane is prepared to stay on our Committee in another capacity.

**Motoring Shows Director** – Iain Ross (*Bristol Owners Club*) has indicated his wish to withdraw from this position. Iain has worked on our Motoring Shows for three years and, through his guidance, has developed them into very professionally conducted events. Iain has offered to provide assistance to the new incumbent for twelve months to ensure a smooth transfer of responsibilities.

**Newsletter Editor** – Mike Alfrey (*Jowett Car Club*) has indicated his wish to relinquish this position, he has been our Newsletter Editor since November 1995. Mike has offered to provide assistance to the new Editor of the AOMC Newsletter for twelve months, so that a smooth transfer is achieved.

All of the aforementioned Committee positions require filling at the AGM. It is now time for clubs to actively consider these vacant positions with a view to proposing nominations. It should be remembered that a member of the AOMC Committee does not need to be a club's Delegate. The Constitution of the AOMC allows for Committee members and assistants to be appointed as well as being elected by Delegates.

For the AOMC to operate effectively, we are looking for contribution from those with expertise in the following spheres of operation:

- Obtaining good sponsorship for its events and other activities.
- Marketing the views of the AOMC on issues that it is involved with.
- Negotiating with members of parliament and government department officials.
- Creating artwork with good impact for brochures.
- Publicising the affairs of and the events conducted by the AOMC.
- Handling press matters.

These spheres of operation are not necessarily recognised Committee positions. They represent a call for good advice and practical guidance with respect to the AOMC's dealing with concerns that may affect the hobby vehicle movement.

It has been a concern of the Committee that 'our side of the story' is not being taken up by the media. If the responses to issues that concern our hobby are seen to be professionally instigated and marketed, the media will give our cause the attention it so abundantly deserves. Only then can the AOMC achieve results that are satisfactory to its member clubs.

For the AOMC to continue its growth, and to continue maintaining its presence, proficient support will play a major part. Being a Committee member or a provider of assistance to the AOMC can be a very rewarding experience, and – no matter how small the input, it is very much appreciated.

The AOMC can be contacted via the usual channels.

*The Executive Committee.*
