Greg and Geraldines 1966 Mk 10 Jaguar at the ABCCC Christmas Event. The Anglin's have owned this car since 2013, and they are only the second owner. The car is powered by a 4.2 litre straight six engine with a three-speed auto. It has four-wheel disc brakes with power steering. The exterior is painted in opalescent silver grey with red leather interior.

## Editor's Note

Firstly, I would like to wish everyone a Happy New Year! This newsletter was going to be a brief one to get the ball rolling for the coming year, however it's got bigger than intended! I've included the Planning Meeting report from last year via Glenda, which I neglected to include in the December edition. Also please note that there have been some date changes on the calendar.

## President's Report

### Mark V Jaguar Report - January 2026

Since my last report in September, I have been mostly busy around the property. Trees blow down, drains get blocked and as everyone knows as you get older 10 acres becomes 100 acres or so it seems. But back to the MKV, every time I have had an hour to spare I do something, though after a day's work there is not a lot to see. For example, I spent 8 hours today in my shed at 40 C (I spent most of my life working as a foundry labourer) soldering bullets on to wires and connecting the lights, a lot of work with nothing to show.

I can now see the light at the end of the tunnel; my work is nearly done. I need to fit the door seals, finish the wiring, install the radio, finish the hubcaps and wheel trims and sort the interior lights and door switches.

However my biggest delay is the sunroof, I may have told you it was lost when the car was transported from Coldstream to Highlands north of Yea but was found on the Melba Highway two weeks later, unfortunately damaged but repairable. When I get that back it is off to the trimmers or at least to join the queue.

At this point I would like to thank and acknowledge David Peck who donated an original dealer's spare parts catalogue which was invaluable with all the exploded views of every part (remember I did not dismantle this car). Also, Peter Lester for an original workshop manual (courtesy Laurette Jardel) and Barry Collett for his donation of head lights, which I was having difficulty in finding.

Hopefully, sometime this year I will drive it on a Club Event!

## Planning Meeting – Sunday 9<sup>th</sup> November

### Planning ahead for 2026!

We had a great turnout for our Planning Meeting back in November to shape the 2026 Calendar. It was wonderful to catch up with everyone and share ideas on how we can fill the year with events that everyone will enjoy.

Even those who could not attend, thank you for reaching out to Tony with suggestions, which were warmly welcomed and added to the mix.

After a productive brainstorming session, we were treated to delicious pizzas, followed by some delightful cakes. Thank you, Maxine.

I have also taken a photo of a sign hanging in Tony's shed which reads:  
"Men to the left, Ladies are always right."

Tony said the sign was a gift and clearly the person who gave it was wise and full of good humour. There is no doubt they knew what they were giving/doing!

Keep an eye out for the details in the forthcoming newsletters.

# Christmas Lunch – Sunday 14 December

The Christmas lunch was attended by 98 members at the Chirnside Park Country club, which was a good number and filled the room nicely.

There were a number of well-dressed and Christmas themed guests which made it very festive!

The food was provided with alternate drops and was of a good standard with a bit of variety.

President Tony made his welcoming speech highlighting some of the great events held over the last year.

Everyone seemed to be in good humour with all the chat that was happening and people left with some pleasant memories of another fine ABCCC activity. (Photos courtesy of Shirley Craven, David Cook, Gordon Paterson and Colin Brown)

Colin Brown's photo of Ed: Colin is not sure if Ed is taking a photo of a UFO or has he lost his halo?

## CLUB INFORMATION

Visit the club's Website for information about how club matters are conducted. This Website also features information about how the Victorian Club Permit Scheme (VCPS) is operated by the All British Classics Car Club Vic Inc.

Our club does have one explicit rule – for those motor cars operating on the Victorian Club Permit Scheme (VCPS), using the auspices of the All British Classics Car Club Vic Inc., for the ongoing benefit of the VCPS, their owners must continue to be a financial member for the duration of the permit period, and attend a minimum of three club events during the permit's active year. Failure to respect this rule will result in the VCPS renewal being insupportable and void.
