Editor's Note

This is my first edition following Glenda's amazing contribution and I would like to thank her for her assistance in getting me started in the role.

You will have to bear with me until I get the processes in place, and it becomes second nature.

Tony asked me to take on this role because I had been the editor for the Jaguar Car Club magazine for a few years. However, I had a very competent graphic designer assisting me and my design skills are not at that standard.

Anyway, I'm very interested in all types of British vehicles and Joan and I have attended a number of ABCCC events over the years including Fly the Flag Rallies, which were very memorable! In the absence of any other suitable photos, I've included shots of my two Jaguars on the front cover which are 27 years apart in age but still great driving vehicles!

Presidents Report Feb. 2025

Hope you all had a Happy Christmas and New Year, we had a very big Christmas with the family, followed with a couple of enjoyable days in Lakes Entrance finalising the Lakes Tour.

For all those people who don't keep their events calendar up to date, and there are a few in this club, note, Bryan and Anne Tootell's run has changed from Sunday 13th April to Saturday 12th April. As a matter of interest Peter & Joanne Schneider, our members in the States are flying out for the Lakes Tour and will join us for lunch on that day.

In my last report I mentioned how important it is that we make a good showing at the British and European day at Yarra Glen on Feb. 16th, so please get your classic out, your picnic table and chairs, lunch and a bottle and enjoy a very sociable day. Remember when you get to the gate, tell the marshals to direct you to the All British Classics Car Club site or they will send you to your Marque site. Finally tell Lance Brazier who is co-ordinating the event, of your attendance on 0403 032 158.

While going through my files I came across this photo and I thought it might be of interest to members, particularly long time members. It was taken at Coldstream January 2008 just after stuffing the rally bags for the Great Australian Rally but before the BBQ, that's why there are a few faces missing, they were in the kitchen. In 2009 close to seventy people turned up, an impossible working situation, the following year it was invitation only. Can you imagine being a volunteer waiting for an invitation to work, ten years later we were struggling to get enough marshals to run the Rally, I think they call it old age.

A couple of days ago I got a call from Mark Pace, President of the Queensland club and after some discussion we settled on the dates for the two clubs' reunion in Orange NSW, 15th and 16th July. Leigh Wishart and Lance Brazier will organise things from this end, and it is envisaged we will take 2-3 days to Orange and the same coming home, nice easy driving. The Queensland organisers are Mark Pace and Rod Greasley, Rod and his wife Sue may be known to some of you, they went on several Fly the Flag Tours in sometimes a Jag XK120 or more frequently in their Jag Mark V DHC. If you wish to go, please let Leigh and Lance know so you can be included in the accommodation arrangements. Lance 0403 032 158, Leigh 0403 243 700.

Happy motoring
Tony Pettigrew

CLUB INFORMATION

Visit the club's Website for information about how club matters are conducted. This Website also features information about how the Victorian Club Permit Scheme (VCPS) is operated by the All British Classics Car Club Vic Inc.

Our club does have one explicit rule – for those motor cars operating on the Victorian Club Permit Scheme (VCPS), using the auspices of the All British Classics Car Club Vic Inc., for the ongoing benefit of the VCPS, their owners must continue to be a financial member for the duration of the permit period, and attend a minimum of three club events during the permit's active year. Failure to respect this rule will result in the VCPS renewal being insupportable and void.

CLUB PERMIT SCHEME

ABCCC is a VicRoads authorised Club to participate in the VicRoads Club Permit Scheme (CPS)

The ABCCC has set rules & conditions for operating a motor vehicle [twenty-five (25) years old and older on the CPS, for further information about how the CPS is conducted by the All British Classics Car Club please visit the club's Website Link [ABCCC Club Permit Scheme information](#) All the information is available online.

1. **Initial contact** should be made with the club's Vehicle Logbook Club Permit Scheme (VLCPS) Applications Officer, currently Wally Thompson. He will advise the procedure for application with respect to the conditions set by the ABCCC. He must also provide a first inspection of the vehicle.
2. **PERMIT RENEWALS** VicRoads requires that an ABCCC authorised VLCPS Officer's signature is entered on the permit renewal notice. Therefore, your VLCPS renewal should be sent to Colin Brown, PO Box 40, Coldstream, Victoria 3770. Enclose with it a stamped envelope addressed to VicRoads, along with a cheque/money order for the VLCPS fee. Colin will sign on behalf of the ABCCC and then forward the permit renewal on to VicRoads. The form also requires YOUR signature, so be sure to sign it as the permit holder as well.

Both Wally & Colin's position are entirely voluntary, so due consideration should be given when contacting them.

ANNUAL MEMBERSHIP RENEWAL

Payment of ABCCC Annual Fees of \$45.00 are due by 1st January each year.

Please post or transfer money to: All British Classics Car Club, Membership Secretary PO Box 190 Coldstream Victoria, 3770. Tel 0438 508 235

Bank details: BSB 063 863, A/c No.1001 3709, please provide your surname and "dues" as reference.

Please note that, should you be unfinancial and driving a classic car under the auspices of our club on the Victorian Club Permit Scheme, you are effectively driving an unregistered motor vehicle.

Renewal Form can be downloaded from the ABCCC Website if required to update information.

Thank you, Ed Bartosh

NEW MEMBERS

A hearty welcome to the well-oiled machine that is the All British Classics Car Club. We hope to be able to welcome you and, in actual fact, your British classic motor cars, at one of our events soon. Our club aims to have two motoring events each month, so there are plenty of fabulous events for you to select from. Welcome!

Sunday 2nd February 2025 – The Blue Lotus Farm
2628 Warburton Highway Yarra Junction

Cancelled

I know all of the members who visited these gardens last time are looking forward to this return visit, the gardens have been extended, and a lot of upgrades have been made to the facilities, you may bring your own picnic, or purchase meals at the café, and dine together in one of their Bali style shelters.

Also included is an entertaining talk by a presenter who will cover a brief history of the garden and its feature plants, along with advice on how-to-grow lotus flowers and waterlilies in your own backyard.

We will meet at 9.00am for a 9.30am departure from the carpark of the IGA store on the corner of Killara Road and the Maroondah Highway, Coldstream. Our first stop will be at the Killara Estate Winery for morning coffee.

Departing the winery we will take an interesting drive to the Blue Lotus Water Gardens.

Reserved parking will be available at the gardens for our classic vehicles (and moderns)

The cost of entry to the gardens is \$26 (\$23 Seniors) per person. (under 16 free)

Important information

Payment for entry to the gardens has changed, no longer can you pay on the day, tickets must be purchased on line, so go to www.bluelotusfarm.com.au pay your entry fee and let me know how many you have booked for, remember your friends/ children/ grandchildren are all welcome, please let me know when you have booked in colin.brown@hotmail.net.au

At the time of writing the gardens are closed, and as we do not have a January newsletter, I will send out any changes to the event directly to participants.

Jaguar Mark V Project Feb. 25

Not a lot of progress over the last three months, a lot of time still spent searching for parts, you would think with the mechanicals completed and the body three quarters finished there is not many boxes of bits left so finding bits should be easy. The latest is the petrol flap catch, I know it came in one of the many boxes because I have seen it and didn't know what it was, but after hours of searching it hasn't shown up. Of course, I will find it while looking for something else.

I finally got the woodwork back and spent over two weeks fitting it, some of the original wood was too worm infested to save and had to be renewed so consequently I had to re-work them to fit without damaging the veneer. I am very pleased with the result.

I finally got a few panels back from the spray painter, so it has now got a bonnet and skirts and finally the radiator grill and mascot. The big hold up at the moment are the front guards and it looks like I won't get them until April/May. Of course, a lot of my time goes into things you don't see, like wiring and adjusting panel gaps, still not finished to my satisfaction and probably never will be.

Thanks to Peter Hibbert for a bit of a laugh!

A Mobility Scooter Experience by Mike Allfrey

Back in June 2024, I purchased an electric mobility scooter. That is a really weird industry to become involved with. I found a seller that seemed approachable in Ringwood and while still driving the Rover, struck a deal for a fairly upmarket model and had it delivered. At the time of purchase, they accepted my request for communication via email – that was written on the invoice, no less. The scooter was immediately lacking in performance, with the selection of Hi range making no difference at all! Using the Hi range brought on a surging motion that was akin to a 1949 Ferguson with a clapped-out engine governor! I sent them four emails and over a period of two months received no response. I printed off all the emails and posted them in a large envelope, registered mail. Finally, a month later, I took a taxi to the Ringwood dealership and met a ‘stone wall.’ The response was that no emails had been received, the printed material had not arrived and then the

amazing response to my concern, “We have sold hundreds of your model scooter and never had a complaint, that means there is nothing wrong with your scooter.”

I then wrote to the Department of Consumer Affairs (Victoria) and they turned out to be worse than useless. They replied a month later with a Case Number and the single word ‘OFFICIAL’ in the middle of the message.

My concern is that I purchased in good faith a rather expensive mobility scooter that did not at all meet the printed specifications. The maximum ground speed was quoted as being 14 to 15 kph, in high range that is selectable with a rotary switch on the control panel. Rotating the switch to Hi resulted in no speed change at all. The scooter managed 9 to 10 kph, with a severe surge motion that felt like it had been restrained in the rear, let go and then grabbed again.

The User’s Manual is virtually useless, it tells me to check and keep the battery terminals clean. That is all very well but how on earth does a mortal get access to the blasted batteries – no mention of that! It is the same with the front wheel bearings, which need to be lubricated periodically but no mention of how to go about it. The damn thing has been taken back for repair, returned and is no better.

The Saga Continues

Since mid-June the problem has been ongoing, in October the scooter was collected for repair, and I was housebound until Christmas Eve when a red lesser model was delivered by a taxi driver. The loan scooter is dreadful to drive, has serious rattles underneath, an intermittent graunching noise and loud rattles from the front axle area. On any slope that angles left or right, that is the direction it takes! Quite violent.

Sue has taken to ringing the dealer every day, they are well aware of our dissatisfaction with the service provided. The latest news is that they are waiting for a new electric motor to arrive from China. Sue reminded them that there are numerous flights from China and why couldn’t they utilise one of them? Female logic? We still cannot get an estimate for the repair completion. Meanwhile the kilometres are accumulating on the red loaner.

Reference the photo above – DO NOT BUY ONE OF THESE! Better still, don’t get old!

A NOTE OF THANKS

I have been a bit remiss for not thanking Phil Cook for stepping in as Hon. Treasurer since Bill Allen’s passing. Extra thanks are due to David Cook for taking on the Hon. Editor’s task. Such assistance in the running of the club is greatly appreciated.

David, should you be desperate for material for the newsletter, please give me a jolt and I will do what I can.

Therefore, a huge vote of thanks and please, members assist where you can.

This number plate could be construed as a bit political but I thought it was amusing, it has a motoring connection and Victoria’s financial situation is in a parlous state!
